

After Dinner Speakers, Conference Hosts, Presenters & Entertainers

Established in 1988 The Right Address is an experienced, professional and friendly speaker and entertainment consultancy. Understanding the challenges that can arise when you are organising a conference, dinner, or any business event, has been the key to our success over the years.

What can you expect from The Right Address?

We offer you the best in after dinner and business speakers, cabaret and musical entertainment. From well known names to those you may not have heard of, we pride ourselves in getting the perfect speaker for your event. The right speaker, or presenter, can turn a routine annual dinner into a memorable occasion, or your awards evening into a glamorous high profile event, which your guests will be speaking about for weeks to come.

You can expect from The Right Address the top business and keynote speakers, from captains of industry, politicians, experts in the economy, technology, banking and the environment, to the most vibrant up and coming entrepreneurs.

We have superb motivational speakers to bring your sales force alive, and presenters and facilitators to get your message across professionally and with ease whether it be a conference, product launch, or awards evening.

Our consultants are always on the look out for the latest entertainment, rising comedy stars and bands to make your event extra special and memorable.

Once you have had a look through this guide, which will give you some insight into the wide range of speakers and entertainment we can offer and maybe given you a few ideas of who might be right for your event, please give us a call. Our friendly and efficient team will provide you with objective advice, and working within your budget, find the right speaker, or entertainment, for you.

If you would like to browse through more ideas before speaking to one of our consultants you can do so by visiting our website www.therightaddress.co.uk

The website enables you to search for a speaker by name, or category and provides more details on each speaker, performer or comedian listed.

Whilst browsing the site you can create your very own wish list as you go. This can either be saved to refer to at a later date or sent to us to request more information on your chosen selection. Alternatively there is an enquiry form to complete and send to us if you have additional details of your event.

*We look forward to hearing from you at
The Right Address*
